PUBLIC AFFAIRS

Walter S. McLin of Tallahassee is motor vehicle commissioner of the state of Florida, appointed by Governor Carlton, and seems to be discharging his duties well. He has, however, been the victim of unfair false reports. One of the charges is that he is maintaining members of his family on the payroll of the motor vehicle department, and this charge has been made in several newspapers that did not take the trouble to learn the facts.

Mr. McLin is the son of a distinguished Floridian who was a member of the board of trustees of the Internal Improvement fund which began the reclamation of the Everglades, and the son has a sentimental attachment for the Everglades for that reason. He is a friend of this region and of the people of this region.

Walter S. McLin, the motor vehicle commissioner, was a member of the Florida legislature at the 1928 session, where the editor of The News had opportunity to know him well. Mr. McLin is an honest

man, and when he says that "no one related to him by blood or marriage has been placed on the payroll of his department, or, for that matter, any department, during the present administration," the editor of The News will take his word for it.

In a letter to The News Mr. McLin says: "My wife never worked in this department a day in her life. My daughter never worked in any state department in her life."

Employment of relatives in public office is known as "nepotism." In many states it is prohibited by law. It is not prohibited in Florida, but it should be.

Opponents of Governor Carlton's administration are attacking Commissioner McLin with the charge of nepotism, which in this case is a false charge. Will the critics of Mr. McLin stand on the general proposition that relatives must not be employed and will they condemn those other public officials who actually are guilty of the practice?

CANDIDATE'S EXPERIENCE

It must have been in Georgia that a man had the experience as a candidate that he tells about in this report:

"I warn all candidates of what they may expect, for I was a candidate once myself. I lost 4 months and 33 days canvassing, 1,494 hours thinking about the election, and I also lost 5 acres of cotton, 22 acres of corn, a whole sweet potato crop, and 4 sheep, 5 goats and also lost 2 front teeth and a considerable quantity of hair in a personal encounter, and gave away 97 sacks of tobacco, 17 Sunday school books, 2 pairs of socks, 4 calico dresses, 7 dolls and 13 baby rattles, told 2,880 lies, shook hands 32,498 times, taken enough to have made in print 1,800 large volumes, kissed 128 babies, kindled 14 kitchen fires, cut 3 cords of wood, pulled 437 bunnies of fodder, picked 744 pounds of cotton.

"I dug 14 bushels of sweet potatoes, toted 27 buckets of water put up 4 stores, and was dogged 4 times. Loaned out 3 barrels of flour, 50 bushels of meal, 120 pounds of bacon, 37 pounds of butter, 12 dozen eggs and 3 umbrellas.

"Criticizing by my opponent a person, abusing him, doctor's bill \$5, had 5 arguments with my wife, one flower vase broken, one dish knocked off table, shirt blown, ruined, two handfuls of whiskers

pulled out, 10c worth of sticking plaster bought, and besides spending \$789, got defeated by 389 votes."

AROUND THE LAKE

The proposition to create a separate school district for Clewiston carried in a special election by a vote of 61 to 1.

A prize of \$100 was given to Pauline Summers, a senior in Moore Haven high school, for her essay on "Anti-Hoarding," contributed in a state-wide contest.

Establishment of a stock farm is promised by D. L. Lene, agent for calico dresses, 7 dolls and 13 baby rattles, told 2,880 lies, shook hands 32,498 times, taken enough to have made in print 1,800 large volumes, kissed 128 babies, kindled 14 kitchen fires, cut 3 cords of wood, pulled 437 bunnies of fodder, picked 744 pounds of cotton.

Collision of a car driven by Lacey Lewis and a car driven by Harvey Guthrie of Clewiston just south of the Pahokee town limits and demolition of both is reported by the Clewiston News, which puts the blame on Lewis.

Trustees selected for Clewiston Community church are J. E. Boardley, Miss Marion Loyd, W. C. Prescott, H. R. Hill and R. V. Patterson. Rev. W. T. Bailey, the pastor, is a Presbyterian, and the Presbyterian mission board contributes to the support, but no set creed is required for membership and different denominations are represented on the board of trustees.

COST no longer stands in the way!

Everyone knows and wants the conveniences and comforts of a complete electric home but many have thought it expensive. Cost-no longer stands in the way.

THREE-BURNER AUTOMATIC ELECTRIC RANGES \$99.50

MODERN INSULATED ELECTRIC WATER HEATERS \$85.

See these appliances at our showroom or your favorite electric dealer's.

THE ORIGINAL COST IS LESS!

THE UPKEEP IS LESS!

The use of electricity in many homes is large enough to permit the entire operation of these appliances on the 3c block of the Thrifty Three rate. In any case, the Thrifty

Three, those energetic little 7c, 5c, and 3c blocks in your one meter residential electric rate, can operate them at a cost so low that you cannot afford to be without them.
